M:OFA

abbrev. mofa [məʊfə] emphasis on 'm' which stands for 'manifestation'

manifestation: One of the forms in which someone or something, such as a person, a divine being, or an idea, is revealed. An appearance, in bodily form of a disembodied spirit. Materialization, a sign of embodiment.

PRACTICE The firm **M:OFA Studios Pvt. Ltd.** was established in 2007 after a formal departure from their previous firm Studio GSA(2002-2006), as a team of highly trained & determined Architects with a global vision in Architecture Design, Urban Planning & Urban Design. The Vision of the Company is the vision of every Individual in the company - to give a holistic approach to every project in the field of Architectural & Urban Design +Planning. The Company head office is in New Delhi, India & the Branch office is in Mumbai.

VISION Every project throughout its lifecycle undergoes multiple layers of planning, design & realization. At M:OFA, every project is taken through various simulations, case studies, exhaustive research, discussions & application. We see various faculties of Architecture, Planning, Engineering, Management and Finance as not individual components but as various expertise/ sciences needed to manifest a project. The influx of these sciences is fluid at multiple levels, stages times & sequence. We explore Programme, Design Concepts, Technology, and Engineering Issues, Project cycle, Sustainable & Green Architecture, Deliverance and supervision. We are consistently setting & updating our own benchmarks & standards

MANISH GULATI, Principal Architect & Director for M:OFA STUDIOS PVT. LTD. graduated from School of Architecture, CEPT, Ahmadabad in 2000, with an additional design module from ETH University, Zurich. He started his practice in the year 2002 in New Delhi with a singular vision of Design-Centric Architecture. His approach has always been on Out of the Box-Lateral thinking & conceptually enriched solutions to every design issue. Hence, at the Architectural Studio, the Design Approach is purely Contemporary and the language global, wherein a lot of emphasis is given to innovative yet sustainable concepts in designing. Every project is dealt with a unique approach & vision; to implementation & detailing, he brings together a precision of thought, insights & extensive site experience to arrive at integrated solutions
